

INTERACTING WITH SCRIPTURE

1. PRAY.

Ask God to speak to you as you interact with His Word.

2. READ.

Not too fast. This is good food; savor it.

3. ASK:

WHAT is this about?

Is there a main theme to this passage? How would I say this in my own words?

WHY is this important?

Why might God have decided to include this in Scripture? What's at stake here? What would change if this weren't true? How will my life be different if I do this or don't do it?

HOW can I do this?

What will I start doing? What will I stop doing? What conversation will I have? What will I put on my calendar? What changes will I make and when will I make them?

4. PRAY

Thank God for His Word and ask Him to help you put it into practice.
